Sympathetic Ophthalmia. Rapid Failure of Vision in Injured and Sympathizing Eye. Improvement After Enucleation, Subsequent Relapse and Final Partial Restoration of Vision. By S. C. AYRES, -	33
Histological Examination of Eye. By ADOLF ALT, -	35
Cataract and Cataract Operations. By H. D. BRUNS, -	41
A Case of Acute Lymphangiectasia of the Right Bulbar Conjunctiva in an Idiotic Child. By ADOLF ALT, - - - - -	54
A Study of Ocular Coloboma. By SWAN M. BURNETT, -	65
Onset of Acute Glaucoma Characterized by Enormous Conjunctival Chemosis and Very Rapid Failure of Vision—Iridectomy—Recovery. By S. C. AYRES, -	79
The Reasons in One State for a Law Making Credé's Method for the Prevention of Ophthalmia of Infancy Obligatory in Public Institutions. By L. HOWE, - - - - -	80

Experiences During Thirty-Eight Years of Ophthalmic Practice with Large Paracentesis of the Sclerotic with Ciliotomy in Acute Glaucoma (Mr. Hancock's Method). By S. POLLAK, - - -	85
A Few Words in Addition to Dr. Pollak's Paper. By ADOLF ALT, - - -	93
Additional Notes on a Case of High Mixed Astigmatism. By B. L. MILLIKIN, - - -	94
Recent Researches Into the Histo-Pathology of Trachoma. By ADOLF ALT, - - -	97
The Antiseptic Preparation of the Conjunctiva for Cutting Operations on the Eyeball. By B. E. FRYER, -	108
Rotation of Axis of Astigmatism During Ophthalmometric Examination. By L. R. CULBERTSON, -	111
Detachment of the Retina.—Report of Five Cases Operated on by the Multiple Puncture of the Sclerotic With the Galvano Cautery.—Four Recoveries; One Negative Result. By J. O. STILLSON, -	129
Extraction of Immature Senile Cataract. By CARL BARCK, - - -	141
Excision of the Tarsus for Extreme Non-Cicatricial Ectropium of the Lower Lid. By A. E. PRINCE, -	144
Central Amblyopia in a Dye-Worker, Probably Produced by Inhalation of Aniline Dyes. By C. A. VEASY, - - -	149
The Science of Ophthalmology. By DUDLEY S. REYNOLDS, - - -	161
Homonymous Hemiopia Followed by Total Loss of Vision in a Case of Uterine Hæmorrhage Due to Fibroid Tumor. By A. R. AMOS, - - -	166
Conjunctivitis Due to the Diplo-Bacillus of Morax-Axenfeld. By ADOLF ALT, - - -	171
Some Uses of Water in Ophthalmic Practice. By E. E. HAMILTON, - - -	173
Five Cases of Parinaud's Conjunctivitis. By HAROLD GIFFORD, - - -	193
The DeZeng Refractometer. By THOS. A. WOODRUFF, -	200
Choroiditis and Choroido-Retinitis in Young Persons. By A. C. CORR, - - -	202

INDEX.

v

A New Combination Chart.—For the Examination of School Children's Eyes and Ears by Teachers.	
By FRANK ALLPORT, - - - - -	225
The Use of Suprarenal Capsule Extract in Minor Eye Surgery. By JOSEPH A. MULLEN, - - -	231
A Case of Hyperopic Astigmatism Changing to Mixed Astigmatism after Tenotomy of the Internal Rectus Muscles. By J. ELLIS JENNINGS, - - -	24
The Surgical Treatment of Keratoconus. By R. SATTLER, - - - - -	257
Why the Proportion of Blind in Cities is Less than in the Country. By L. HOWE, - - - -	289
The Treatment of Entropion of the Lower Lid with Caustic Potash. By S. THEOBALD, - - -	295
Another Case of Hæmorrhagic Glaucoma with the Clinical Diagnosis of Previous Thrombosis of the Central Retinal Vein. By ADOLF ALT, - -	298
Cases From the Clinic. By H. D. BRUNS, - - -	306
Adenoma of the Ciliary Body Springing from the Pars Ciliaris Retinæ—Four Cases. By ADOLF ALT, -	321
Note on the Pigmented Globular Excrescences of the Iris in the Horse. By ADOLF ALT, - - -	332
The Removal of Cataract Without the Knife. By J. ELLIS JENNINGS, - - - - -	335
Simulation of Amaurosis and Amblyopia. Abstract. By L. HOWE, - - - - -	337
A Case of Avulsio Bulbi. By CARL BARCK, - -	352
Pseudo-External Strabismus. By HOWARD F. HANSELL,	358
A Case of Sarcoma of Orbit. By GEO. H. GOODE, -	360
Microscopical Examination. By ADOLF ALT, - -	362
Another Case of Adenoma of a Ciliary Process. By ADOLF ALT, - - - - -	363
Report of a Case of Binocular Coloboma of Iris, Ciliary Body and Choroid. By L. R. CULBERTSON,	365
A New Entropium Forceps. By CARL BARCK, - -	366

CLINICAL MEMORANDA.

Ophthalmic Clinical Notes. By D. WEBSTER, - -	55
